

Small mammal trapping: Harlton Clunch Pit 02/07/23

20 traps were set on Friday 1st July 2023 , between 6pm and 8pm. They were set with bedding (hay), casters, oats, and apple. The traps were set around the woodland habitat of Harlton Clunch Pit as part of the Haslingfield and Harlton Eco Group mini bioblitz.

They were opened from 7.30am on Saturday by Pippa Keynes and members of the public. The weather was dry and warm, and had been dry overnight (10 degrees C).
